October 27th, 2021

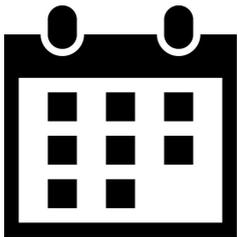

Help students find their niche at NChE

Nano- and Chemical Engineering Day, Fall 2021

Overview

What is Nano- and Chemical Engineering (NChE) Day?

A career fair featuring organizations that hire nano- and chemical engineers.

Date

Wednesday, October 27th, 2021
1-4pm, Pacific Time

Location

Zoom Meetings

Each organization in attendance will receive a Zoom meeting link a few days before the event from an AIChE or NETS member. Your representatives will be put into breakout rooms; students in attendance will be cycled through the breakout rooms every few minutes.

Event Organizers

The American Institute of Chemical Engineers (AIChE) and the NanoEngineering and Technology Society (NETS) at UC San Diego

Cost

The career fair is completely free to attend! Benefits are available for organizations that would like to be a sponsor for the event. See the "Sponsorship Levels" page of this document for more information, if interested.

Nano- and Chemical Engineering Day, Fall 2021

Frequently Asked Questions

Why is the event virtual?

We made the event virtual to increase accessibility for students and company representatives, and as a precaution against COVID-19.

What student demographics can we expect?

The event is open to all majors, but most students will be nano- or chemical engineers, along with a few other engineering and science majors. Most students will be undergraduate juniors and seniors, though some freshmen and sophomores will also attend. Some graduate students may attend as well.

We anticipate 100+ students to attend.

Does my company need to pay to participate?

Our career fair is completely free to attend. If your organization would like to sponsor the event, several benefits are available (see the "Sponsorship Levels" page of this document).

How many representatives can I bring?

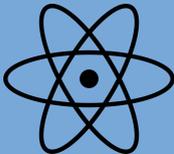

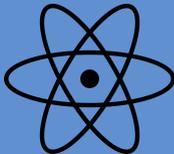

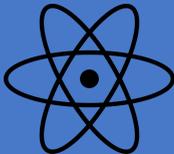

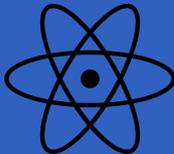

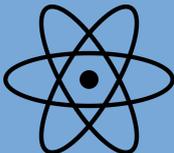

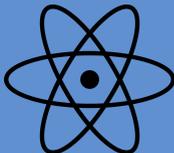

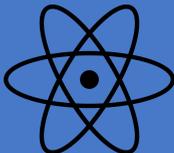

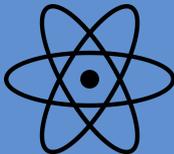

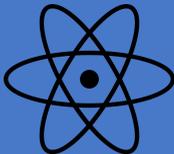

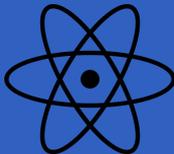

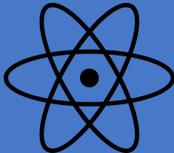

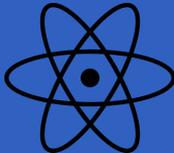

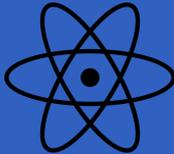

We do not have a limit on how many representatives can attend from each organization; bring as many as you feel would be beneficial. In the past, most organizations have brought 1-3 representatives.

Do I need to be there the whole 3 hours?

No. If you are unable to attend the entire event, feel free to have someone else take your place; you can also leave the event early or arrive late if necessary. Please inform a NChE coordinator of your plans if you cannot attend the entire event.

Nano- and Chemical Engineering Day, Fall 2021

Sponsorship Levels

Sponsorship Benefits	Alkali \$100+	Metalloid \$250+	Halogen \$500+	Noble Gas \$1000+
VIP invitations to all professional AIChE events and opportunities				
Company/dept logo displayed on website, program, and other advertisements				
Resume book with UCSD students' resumes				
Live sponsorships at 2 AIChE events prior to NChE				
An entire AIChE event dedicated to promoting your company				

Any contribution is greatly appreciated!

For more information, contact any NChE Coordinators (see the "Contact Us" page)

Nano- and Chemical Engineering Day, Fall 2021 Sponsorship Logistics

**If your company is interested in sponsoring the event,
thank you!**

Here is a guide for how to submit a sponsorship
via the UC San Diego system:

1

Go to the following website:

[https://giveto.ucsd.edu/
giving/home/add-gift](https://giveto.ucsd.edu/giving/home/add-gift)

2

Scroll to the “Search for
more giving options” box,
and search for “AIChE”

Search for more giving options...

3

Select the option “AIChE
Student Organization”

AIChE

Please Select a Fund:
